ITEMS TO BE SEIZED

The following materials, which constitute evidence of the commission of a criminal offense, contraband, the fruits of crime, or property designed or intended for use or which is or has been used as the means of committing a criminal offense, namely violations of Title 18, United States Code, Section 2252A(a)(2):

1. Phone or storage media used as a means to commit the violations described above.
2. For any Phone or storage medium whose seizure is otherwise authorized by this warrant, and any Phone or storage medium that contains or in which is stored records or information that is otherwise called for by this warrant (hereinafter, "Phone"):
 - a. evidence of who used, owned, or controlled the Phone at the time the things described in this warrant were created, edited, or deleted, such as logs, registry entries, configuration files, saved usernames and passwords, documents, browsing history, user profiles, email, email contacts, "chat," instant messaging logs, photographs, and correspondence;
 - b. evidence of software that would allow others to control the Phone, such as viruses, Trojan horses, and other forms of malicious software, as well as evidence of the presence or absence of security software designed to detect malicious software;
 - c. evidence of the lack of such malicious software;
 - d. evidence indicating how and when the Phone was accessed or used to determine the chronological context of Phone access, use, and events relating to the crimes under investigation and to the Phone user;

- e. evidence of the connection, either physical or via Wifi or Bluetooth, to the Phone of other storage devices or similar containers for electronic evidence;
 - f. evidence of programs (and associated data) that are designed to eliminate data from the Phone;
 - g. evidence of the times the Phone was used;
 - h. passwords, encryption keys, and other access devices that may be necessary to access the Phone;
 - i. records of or information about Internet Protocol addresses used by the Phone;
 - j. records of or information about the Phone's Internet activity, including firewall logs, caches, browser history and cookies, "bookmarked" or "favorite" web pages, search terms that the user entered into any Internet search engine, and records of user-typed web addresses revealing an interest in stalking content and/or the identity of the Phone user; and
 - k. Records and information revealing the use and identification of remote computing services, such as email accounts or cloud storage.
3. As used above, the terms "records" and information" include all of the foregoing items of evidence in whatever form and by whatever means they have been created and stored.
4. This warrant authorizes the forensic examination and review of the Phone and its contents for the purpose of identifying the electronically stored information described above.
